Melissa Lee

Welcome to the Louisiana Chapter of Society of Government Meeting Professionals

Do you plan meetings or training events with government funding? Or are you a vendor that works with meeting planners? You might be interested in learning more about SGMP!

SGMP is a nonprofit professional organization for those who are involved in planning government meetings or government funded meetings, either on a full-time or part-time basis, and those who supply services to government planners. Our planner members represent employees of federal, state, county, and city government, as well as associations of government employees, government agencies, nonprofit agencies and third party contract planners.

During these times of budget cuts and doing more with less, it would definitely be an investment in yourself and your job to come and visit with us at one of our monthly meetings where we offer educational training each month. Come visit us and discover the benefits for yourself. As a planner, you can attend your first meeting at no cost.

Education, resources, and networking are the backbone of SGMP's mission "to enhance and promote the expertise of government meeting professionals." Our monthly educational training objectives are to improve the quality of and promote the cost-effectiveness of government meetings by improving the knowledge and expertise of individuals in the planning and management of government meetings through education, training, and industry relationships.

Please take some time and browse through our website (www.sgmpla.org). If you have any questions, please contact me or any one of our board members. We will be glad to answer any questions you may have.

Sincerely,
Susan Delle Shaffette, CGMP
President
Louisiana Chapter
